\*Noise levels at rated load to reflect maximum noise level possible, measured at 23 Feet (7 Meters) from the control panel side of the generator.

**HONDA**  
GENERATORS

Very Smart.

Please read the owner's manual before operating your Honda Power Equipment and never use in an enclosed or partially enclosed area where you could be exposed to odorless, poisonous carbon monoxide. Connection of a generator to house power requires a transfer device to avoid possible injury to power company personnel. Consult a qualified electrician. Specifications subject to change without notice. ©2016 American Honda Motor Co., Inc.

# The All-New Honda EG2800i Inverter Generator

Power  
You Can Trust.
